Koch	Very interesting and thought provoking lectures, fair exam policies and grading
Koch	Best instructor!
Koch	By far one of my favorite professors in my college career. He is engaging and really wants to teach us as students. You can always tell when a professor likes their job and the material they are subject to, makes you want to really take in everything he is teaching. The magic tricks before each exam are my favorite tradition of any professor.
Koch	Nice class. Very interesting topics.
Koch	Very interactive and fun. Was unaware about how important attendance was but that's not his fault. Appreciated being a student of his
Koch	Dr. Koch is a cool dude and he teaches well. I didn't love the class but I think that is because it is catered to freshmen and I am a junior and also I don't think I enjoy the subject matter. All of which is not his fault. He should keep up the good work!
Koch	overall great class! you can could tell he enjoyed teaching it which made it easier to go and learn. only thing is, i did wish he did a in class review. the other time offered was during work and i was never able to make it
Koch	Dr. Koch made the class very interesting and his way of teaching is quite amazing. Sociology with Dr. Koch was perhaps one of the most helpful classes that I have taken as it has helped me improve academically but intellectually.
Koch	Dr. Koch is amazing!!! My sister told me about this class and everything she said was right. Definitely one of my favorite professors.
Koch	Dr. Koch really challenges your perspective on various topics and ideas. Definitely a course I would love to take again. He designed the course to where if you want an easy A, it is possible. But if you want to learn the content, the resources and amazing lectures are there too. It is up to the student to choose his/her path.
Koch	Great Professor!
Koch	I loved this class! He made this class an enjoyable experience, and I actually wanted to come to class. I like that he puts audio recordings on his website, so if I do miss class, I do not have to worry about missing any content. He seems a little intimidating, but I constantly went to his office, and he was so nice and relatable.
Koch	Lecture and notes were hard to follow at times. I would be lost and didn't know what to right down. Overall, very good professor, made the class enjoyable, and is very credible to his work.

Koch	Class is always the same and gets to be boring at some times, but he is a good teacher that cares about what he teaches.
Koch	Really great class, a little studying was required but overall a fairly easy class and very interesting.
Koch	Very Excellent Teacher and very wise
Koch	Loved this class and the teacher!
Koch	He got way too distracted and off-topic. Music was extremely distracting.
Koch	Awesome overall. Only thing was the syllabus on his site was from last year and I could not find the current syllabus. His reviews saved me. My only thing about his teach style was that he would explain things in stories which was great. But would struggle to say a 1 sentence line I could put on a flash card all the time. But his TA was very good at that so it helped. Amazing professor though
Koch	Dr. Koch is a pimp
Koch	A great speaker and a good teacher. While I can't say I agree with all of the ideas discussed in the course, I found myself attending just to listen to him.
Koch	very good teacher, although will need to take class again due to my own mistakes I would say Dr. Koch is an amazing professor.
Koch	THIS CLASS IS AMAZING EVERY TECH STUDENT SHOULD HAVE TO HAVE MR. KOCH AS A PROFESSOR.
Koch	Dr. Koch was an excellent instructor. He made everything clear and he would answer all questions that were asked.
Koch	Hilarious instructor.
Koch	My favorite class of the semester! I definitely struggled a lot and had my lowest grade in here, due to the fact that he could jump around in lectures. But other than that he was amazing and such a kind professor !!!
Koch	This class is definitely worth taking on a general basis because I believe the things that are discussed really hit home as well as benefit in more ways than one. Whether it's a good or bad joke, Dr. Koch does his best to ensure that we all get a good laugh (it was a 9:30am) class after all; you'd be surprised how well those jokes take off, thank me later. As for the exams, as long as you pay attention, which is not hard to do at all, you should be more than satisfied as to what the course provides. Because of this course, I wouldn't be surprised if I ended taking another Sociology course
Koch	I very much enjoyed this class. Thank you
Koch	great lectures
Koch	Made the course incredibly interesting and fun for all students.
Koch	Cool
Koch	Koch was a phenomenal instructor. However, he often drifted away from the facts and proceeded to display his own political opinions as factual.

	<b>Question: 3Q. Comments instructor or course</b>
Koch	good teacher
Koch	Lectures set up well, flow throughout the year. I liked the system of having five tests as opposed to two or three.
Koch	Thoroughly impressed with professor Koch and his way of teaching.
Koch	I absolutely loved taking professor Koch's sociology, it was the class I looked forward to every week and kept me eager to learn more in the course. Professor Koch was very effective in lecture and provided outlines for notes that followed the topic for each day. While Koch sometimes would go off on tangents and tell stories I thought he did a great job and I would recommend this class to any student at Tech.
Koch	The class was a joy to be in. The professor was engaging with the class and made sure we had every opportunity to gain and understand the material.
Koch	Dr. Koch was a phenomenal teacher who made the course information easily absorbable through stories that stuck with the students and made for lasting memories.
Koch	He's a cool professor always starts class with a lame dad joke which makes it kinda fun. He makes it very easy to understand the topics and know exactly what to study for the tests.
Koch	The lectures were very interesting. The stories and information were very informative and interesting. Dr. Koch was passionate and full of knowledge and made the class entertaining. I liked the study guide that he provided and it made taking notes and studying for the test easier.
Koch	I enjoy this class. It makes me happy that I am majoring in Sociology. I also feel as if I have learned the basics about Sociology.
Koch	Professor Koch's lectures are insightful, moving, and even entertaining. His class delves farther into Sociology than basic terms and definitions, and was often a class that I looked forward to attending. His insights were incredibly valuable and encourage students to look for evidence rigorously rather than relying on basic assumptions and to question the structures around them rather than accepting things blindly. I would, and have, recommend this class to anyone looking for hours, credit, or with an interest in the topic of sociology.
Koch	Grading system makes it hard to earn an A since 95% of the grade is made up from exams
Koch	Favorite course I've taken this far at TTU. Professor Koch is an outstanding teacher and a funny character. Enjoyed going to that class every time and the things I learned were interesting and valuable.
Koch	great teaching style and makes lectures very interesting! really enjoyed this class
Koch	I enjoyed this class however i wish that his lectures would truly help with a lot of the true or false questions on the exams.
Koch	Would like for there to be more review session opportunities
Koch	Dr. Koch was one of the most interesting professors I've had so far and made learning sociology a fun experience
Koch	was off topic too much

Koch	Dr. Koch is awesome and I would take a class taught by him again! I really really appreciate that we did not have to buy any materials for the class. As a student who has to work to pay for books, this seriously meant alot and I learned just as much without any textbook. Dr Koch knows his stuff and his lecture stories that he correlates with the material helped me better understand concepts and were equally entertaining.
Koch	I enjoy this class a lot. It's always very interesting and the professor always makes the class enjoyable. I also learned a lot, due to the resources he provided.

Koch	Would definitely take one of his courses again
Koch	Teacher was very engaging and active with class discussion. The one class that was easy to stay engaged. Professor was excellent with the class
Koch	While this was a very interesting class, I was a bit disappointed that Dr. Koch seemed to teach his students what to think rather than how to think. Many one sided opinions were presented in class which was borderline indoctrination. Other than that Dr. Koch is a very intriguing professor and his research is rather fascinating. The class also somewhat challenging but wasn't too difficult to succeed in so that was a big plus.

Koch	Dr. Koch was very passionate about what he was teaching us and had many stories and examples to help the students learn concepts. I am also grateful that he includes so many exams to give us a chance to makeup if we do bad on one.

Koch	My favorite class of the semester. Amazing professor and amazing class. Very memorable and is making me consider minoring in Sociology.
Koch	Professor Koch made this course extremely interesting, and never failed to supply intriguing stories with each lecture. The course material was presented in a very straight-forward manner, and I found it enjoyable to sit in lecture. Upon registering for Sociology, I was completely unaware of the insight and gratification that I would gain from the course.
Koch	Explained everything in class very well
Koch	I enjoyed being in this class with such an amazing instructor. He is very nice and helped me understand what the class is about.
Koch	Professor was great! I really adored him. Towards the end, the lectures did tend to drag on and his political views were painfully integrated into the lectures. At times to the point where we wrote notes for ten minutes and then were forced to sit and listen for the rest of the class to topics unrelated to the test. Got painful. However!! That was not always the case, and I do believe the class brought new insights and was a valuable experience. The professor often making things fun and I wouldnt take the time back. My only complaint is if you are going to talk politics, make it clearer and don't beat around the bush. Don't need the passive aggressive style of teaching, that was what got boring and frustrating towards the end of the class. But still, like I said, overall a good class and I did enjoy it.
Koch	love the teaching style and everything about the course
Koch	Dr. Koch was an extremely effective teacher. In the beginning I didn't really have an interest in his class, but as I went through the course I discovered a lot of different valuable assets, not only for passing the class, but for applying to my life as well. He taught the material and was engaging in his lectures. He taught the material and gave real examples that could be seen in real life, which I personally loved. He was fair with his grading and gave students every opportunity to succeed. He is one of the best teachers I've had the privilege of learning from
