	<b>Question: Distance Comments</b>
Koch	You are one of the only professors who encourage learning by making the class interesting, rather than just difficult. Thank you!
Koch	Thank you for the open communication regarding course material. Many of my other professors have no reminders, so it feels like I am constantly staring at blackboard waiting for new material. With online courses, any little bit of live interaction helps tremendously. This course was advertised as asynchronous, so I did not expect to have a live lecture.
Koch	He was one of the best professors I've had here at Texas Tech. You can tell he cares about his students and what he's teaching. I wish it would have been in person so i could have actually met him! Great class.
Koch	Excellent professor! As long as you meet each class, you will not miss a thing. Nice dad jokes and magic tricks keep me listening.
Koch	Always makes the lectures very interesting and has a true passion for what he does. He's not just talking into a camera and posting videos, he takes the time to put effort, jokes, and even magic tricks into his lectures. Always enjoyed and looked forward to watching his lectures!! His TA Mr. Stubblefield was also amazing! They communicate very promptly and effectively. This duo has covid learning PERFECTED! They care about their students!
Koch	very interesting course
Koch	Balanced humor and information in lectures that kept me engaged. Greatly enjoyed his class.
Koch	Honestly, I enjoyed this class very much and it was the one class I actually learned things in this semester.
Koch	Wonderful teacher! Did an amazing job teaching the class and integrating technology.

Koch	Dr. Koch was an amazing professor, not only did he have an amazing scholarly background, but he also has a real world back ground and examples that add an extra level to his lectures and our understanding as students. He did a very good job teaching remotely and made the format of the class easy to understand and follow while maintaining that his students still learn and grow. This class remained a very captivating and interesting class to listen to and understand, it kept me thinking and growing and encouraged me to think for myself on most topics to find where I stand.
Koch	DR KOCH IS AWESOME
Koch	I think professor Koch, did a great job with handling the virus and adapting his class for the better of his students.
Koch	I genuinely enjoyed lecture and was interested in the content. Dr. Koch did a fine job in keeping the students engaged and interested.
Koch	Dr. Kochs lectures were interesting and a great thing to look forward to every week, wish I couldve had him in person! Mr. Stubblefield was also an amazing TA and always sent helpful reminders to ensure success.
Koch	I absolutely loved his class. I wish all my professors had his humor and passion for teaching. His lectures were awesome and the dad jokes and magic tricks were a bright spot during this semester!
Koch	I learned a lot from Dr. Koch. He is an amazing professor who loves what he does. He made me excited to watch every lecture on time. His ideas to ethics were also very engaging.
Koch	Loved the Jokes. not many professors care to try and make their courses unique.
Koch	Great professor. TAKE HIM
Koch	This course was my favorite course I took this semester. I learned so much thanks to Dr. Koch and he delivered the information through a series of examples that improved my learning significantly.
Koch	One of the best teachers I've ever had... thank you for opening up my imagination and making me excited for each and every lecture
Koch	Great professor, with great content in lectures.
Koch	My favorite instructor!! He made very detailed youtube videos explaining every topic. He always made jokes but still taught us. 10/10 teacher! WOULD TAKE HIS CLASS AGAIN!
Koch	Professor Koch was great, although I think his class would function better in person due to his eccentric personality. (that is not his fault) The lectures could be boring at times, but sometimes I found myself interested in his stories or experiences. The note taking was ok I guess. I liked how the tests were a more accurate way to "test" people and their understanding of sociology. I didnt feel pressured to do well on them which was nice. Hes a packers fan, so I cant say we agree in that manner. (Vikings fan here) but overall - great professor and I would recommend him to any of my friends/ fellow students.
Koch	I absolutely loved the instructor, he was very funny and made this course a lot more enjoyable. I regret not being as serious with coursework, but Covid 19 really took a lot from me.
Koch	This class was well organized and easy yo find what work needs to be done the only thing I wish that couldve been different if it was in person.
Koch	No comments.
Koch	Very excellent professor, I loved the online experience for this course and truly wished I was able to attend the live lecture.
Koch	Easily my favorite class so far, the instructor teaches very well and uses humor and storytelling to keep students interested in his lectures. He's an amazing professor!
Koch	Proffesor Kock was an amazing professor and an amazing person. I loved every single part of the course. I would watch every lecture he posted and was always excited to watch the next lecture. He really taught me a lot about sociology and he was a funny guy as well. He would tell us a dad joke or do a magic trick in his lectures to give us a bit of fun during his lectures. He really taught me a lot and I really really wish I had him in person because I would have loved to sit in class and listen to him speak.
Koch	My favorite professor so far
Koch	Mr. Koch was an amazing professor, he taught me lessons I will carry with me the rest of my life. He inspired me to change my major to something I am passionate about, he also taught me to never be ashamed of my beliefs. He is an inspiration to people of my generation and I hope knows that his lectures touch peoples hearts very dearly.

Koch	Great class for learning introductory sociology for the MCAT, the book combined with the lectures and readings give a very in-depth learning experience. The technology side of the class was handled very well, with leisure given if a technological error occurred as a result of the instructor. Overall, I highly recommend this course.
Koch	They way he presented lectures was in a very fun way that kept me interested while still keeping it on topic helped me pay attention and learn stuff.
Koch	Awesome teacher! One of the best teachers I have had in a long time! I really enjoyed his class and would recommend this teacher to anyone.
Koch	Dr. Koch was one of the best teachers I have ever had! He is willing to work with you on every problem and has been an amazing online teacher. COVID has not stopped how good of a teacher or passionate he was.
Koch	I look forward to these lectures. Professor Koch is my favorite professor this semester and Ive never met the guy!
Koch	This Professor is GREAT! He is very good at speaking and lectures. He's funny and silly and does a very good job at informing. He uses language that can expand your vocabulary while still making it understandable. Great class great material as well very interesting. If it was tuatara by anyone else it would probably be so boring. 10/10
Koch	I think it is hard for students to watch the lectures on youtube, I think if this class were a zoom class with an attendance grade it would give more incentive to do the work and listen to the lectures.
Koch	Was a great teacher who helps throughout all of your course work and only provides his all throughout the entire course, he is a teacher who is very flexible. Best teacher I have ever had.
Koch	I very much enjoyed this class and felt that Dr. Koch truly cared for his students and wanted each of us to succeed. I looked forward to the stories he told that pertained to our lectures, enjoyed the dad jokes, and the magic tricks were a nice touch. He was very encouraging and made it known that he believed in us and wished us success. I would definitely take this class again and would recommend Dr. Koch to anyone needing to take Sociology.
Koch	I know Dr. Koch said it was his first time teaching online in all the years he has been with the university, but he did fantastic and the course ran so smoothly for me!
Koch	Thank you for teaching us!!
Koch	Dr. Kochs lectures were a little long for having to watch over YouTube but were very informative and helped to understand the material. I really enjoyed his magic tricks and his Dad jokes. I liked how he formatted his tests because it helped to see how sociology is used in everyday life situations.

	<b>Question: Distance Comments</b>
Koch	Dr. Koch is an amazing professor. I wish I had this class face-to-face. There were no problems with the online version, but I hear that Dr. Kochs in person class is more interactive. Overall I enjoyed this course very much.
Koch	This class is amazing. It is funny, and entertaining while also being serious and insightful. I really enjoyed it and would recommend my friends to take this class.
Koch	Dr. Kochs lectures were extremely interesting and relevant to real world situations. Also, I greatly appreciated the magic tricks at the end of the video lectures!
Koch	Very captivating professor but I probably would have gotten more out of the class if it were in-person.
Koch	I wish we had a better heads up on when the Lecture Quizzes and Ideals To Ethics Essays were opened and closed. Some people, like me for example, didnt have the availability due to work to watch my lectures the day they were released, so I found myself missing a lot of the quiz openings. Professor was great!
Koch	This professor was super in depth about each topic. He was constantly sending out reminders for each lecture video and assignment dates so it was easy to keep up with assignments.
Koch	Professor Koch is my favorite professor hands down! He makes learning interesting and fun, I really wish I would have him in person!!
Koch	He is a very good and nice teacher, but making assignments due at 5 pm is very annoying and not easy. Its when people are at work and I know you could do it the day before, but from what I heard, a lot of others who took his class found this to be annoying.
Koch	I liked his magic tricks and the way he taught! Definitely would recommend him to anyone wanting to take sociology
Koch	I feel I did learn a lot in this class even with it being online. Dr. Koch really wants us to succeed and I appreciated it!

Koch	Dr. Koch was by far one of the best instructors Ive ever had. Hes definitely one of the teachers that has had an impact on my life. Not only was he passionate about his teachings (which was evident in his lectures), he cared deeply for his students and taught his own research. The only complaint I have on this course is not engaging more and providing my feedback to his lectures. I really wish I had a chance to meet him in person because he is a very insightful man. This class was such a valuable learning experience for me and was such a breath of air when I watched his lectures. I will remember Dr. Koch, his dad jokes, his teachings, and everything in between. Thank you for everything this year and I will continue to strive for honor in years to come!
Koch	Professor Koch is a phenomenal teacher. He goes above and beyond what most teachers would do. His compassion and enthusiasm to get his students to learn is evident and motivates us to do better. I thoroughly enjoy his class.
Koch	Dr. Koch is a great professor. He made this course very fun and engaged with the class weekly. His lectures were very enjoyable and I looked forward to his class every week.
Koch	I really really liked this class, Professor Kochs lectures were engaging and fun. The fact that he told jokes and did magic tricks made me look forward to his lectures. He also uploaded lectures at a consistent time and gave enough instructions so that I knew what was expected of me and when things needed to be done. This class relieved a lot of anxiety about covid as it provided a consistent schedule for me to follow.
Koch	Great professor, lots of great stories, examples, and great course layout
Koch	Very good professor, he made the topics relatable and interesting and I actually thought that i will use this information in the future.
Koch	Honestly a really great professor both as a personal and in his teaching abilities. Went above and beyond in preparing us for exams but did so in a way that was unexpected. I am always so spectacle of a professor who teaches through stories but it fit so well for this class. Really loved the dad jokes in honor of his father which helped add a little comic relief even when the lecture got intense. Overall would not change a thing and kind of wished I got to attend his class in person.
Koch	Not the best class... I understand everything with the Covid pandemic but im strongly against throwing up a 1hour long youtube video with no slides. Its hard to stay interested in what he is saying and defiantly glad this class will be over soon.
Koch	Wonderful professor. The only thing I would like him to evaluate for his class is give the all reading before the day of lecture to have an enough time to read all the readings to the lecture.
Koch	An amazing professor! Loved his class!
Koch	only problem i had was with the tests questions. Some the questions i got wrong seemed as if a difference of opinion could alter the "correct" answer.
Koch	wonderful class, I enjoyed the teachers style of teaching.
Koch	I really wish I had the opportunity to take this class in person. Dr. Koch is an amazing professor of this topic, even in an online asynchronous environment. Dates were clear and organized, and the TA, Mr. Stubblefield, was very helpful. I can not stress enough how much I wish Id had the opportunity to meet the professor of this course.
Koch	Considering the adjustments we all had to make during this semester I was very pleased with this class and truly enjoyed it. The teaching style of Professor Koch kept me engaged when typically doing so would be more difficult for me virtually.
Koch	Instructors lectures were very interesting and entertaining. It was a pleasure to learn in this course.
Koch	Absolutely loved this class!
Koch	I really enjoyed having Professor Koch for Sociology 1301. Hes a phenomenal instructor and I was able to retain a lot of valuable information throughout the entirety of this course. I wish I could have had this class in person.
Koch	Great class and great teacher. Dr. Koch made learning the material easier by providing real examples from his own experience and broke everything down so it could be understood
Koch	The class posed so many ideas and thoughts that i had and developed them in to even deeper understanding of what are society kinda is and always relayed it some type of personal idea that really connected. Shame because of this pandemic that it couldnt have been in this lecture hall.
Koch	amazing teacher and i loved the lectures
Koch	Great class love talking about it with my parents

Koch	This has been one of my favorite classes throughout my college experience. Over the course of the semester I have learned some valuable lessons and skills that I have been able to use in some of my other courses and will continue to use throughout my life. Given the choice I would not have chosen an online course but this has been one of the better experiences I have had taking an online class. I though things ran smoothly in this course and it was easy for me to keep up with the assignments and lectures.
Koch	One of the best teachers and has very great commentary/lectures.
